

Your Project may be Eligible for Cost Sharing!

- ☞ Winnebago County Land and Water Conservation Department (LWCD) has cost-share funding available for eligible projects that protect, restore, and sustain the natural resources of Winnebago County.
- ☞ Projects must provide water quality improvement through the reduction of sediment, phosphorus and/or other pollutants from agricultural, rural or urban sources.

- ☞ Program provides 70% cost-sharing, up to \$20,000, for eligible projects and sites.
- ☞ LWCD provides technical assistance in planning, design and supervision of project installation.

☞ **Typical Best Management Practices include:**

- ✓ Barnyard runoff control systems (all components)
- ✓ Conservation tillage (residue management)
- ✓ Diversions, drop spillway structures (rock and sod chutes)
- ✓ Grassed waterways (including tile)
- ✓ Nutrient management planning
- ✓ Shoreline and streambank protection
- ✓ Vegetated riparian buffers
- ✓ Well abandonment
- ✓ Wetland restorations
- ✓ ... and more!
